Dear Parents,

I write this fortnight’s newsletter from beautiful Gladstone where I have spent the last 2 days at the Regional Principals Conference. The messages we have received are very clear and concise. It is reassuring to listen to the messages and know that Milman State School is certainly on the right track!

As you all know our Explicit Improvement Agenda is focused on reading. This week’s tip to help your child with reading is;

Word recognition and vocabulary are important parts of reading. Have your child label everything in the house. Reading these labels with help your child develop his/her personal word bank.

The students were very excited to receive their worms for their worm farm from Bunnings. It is great that a large company is such a great support for our little school. We also look forward to seeing the completed chook pen using the timber kindly donated by Bunnings also.

Thank you to all the staff and parents who were able to assist with the bar at the CQ Mower Races held at Yaamba. We look forward to the meeting in October where we will be responsible for both the bar and the food.

Have a wonderful weekend with your gorgeous children. I plan to sleep in and watch some movies!!

Tam.
Snippets from Shannan

Wow it feels like we have had such a busy two weeks! Everyone has been working really hard on their assessment and it is great to see the effort going into the tasks.

We have been having a great time looking after our garden and making yummy treats each Friday.

Next Friday however it is our Mini Olympics so please don’t forget to bring your fastest running shoes and your positive attitudes. Parents this is a good time to discuss with students that everything isn’t about winning and it’s okay not to come first.

Keep up all the hard work! Miss Rye.

P&C News

Tuckshop menu is out for this month.

Our vegie garden is going great. Bunnings came on Wednesday and donated our worms for the worm farm and help it up with the children.

They also donated timber for the chook pen. Foundation work for the chook pen has already started thanks to Chris and Kelvin.

Julie Page, Secretary.

SCHOOL BANKING NEWS

Congratulations to Sieragh and Tadhg for their 10 deposit awards.

Our 2016 P&C Executive
President—Ken O’Brien
Vice—Samantha Rozycki
Secretary—Julie Page
Treasurer—Jenny Hinchcliffe

Happy birthday to Madeleine
Recently we had a whole school excursion to Under 8’s Romp in the Park held at the Botanical Gardens in Rockhampton. The children participated in a wide variety of activities such as face painting, viewing the emergency services vehicles, making a library bag, meeting Peppa Pig, indigenous spear throwing and fun on the jumping castle. The day finished up with a picnic lunch in the park. A great day was had by all.
