What a wonderful term we have had. We have been very busy for such a small school. It was amazing to see all that the students have achieved this term. It is very exciting to see all our students meet the end of the year benchmarks already. Thanks to all the hard-working staff, parents and students who have helped us to achieve such great results.

Next term we will need to develop our 4 year plan for the school after the wonderful School Review results we received.

Congratulations to Sam our P&C V.P and Julie our secretary who represented our school at the recent State P&C Conference. They were interviewed by ABC radio and were asked to present our school at a workshop. They represented us very well and we had lots of positive comments about our school.

The Term 4 calendar will be sent out the first day back to school next term. We will very busy again with swimming and ten pin bowling earmarked.

Have a wonderful holiday with your beautiful children. I will certainly miss their smiling faces every day.

Tam
** Sonya’s Snapshots **

This past fortnight, the students have been completing their poetry unit in English. We have had fun listening to silly poems and making up rhyming words, while also examining how to make poems more interesting with the use of alliteration and onomatopoeia. Prep students have been constructing their own poems, while Year 1’s have been comprehending poetry. Year 2’s and 3’s have also examined and altered poems over the last few lessons. Assessment has been completed and all children have worked diligently with this unit.

Our Perceptual Motor Program has included activities that promote and develop fine and gross motor skills. Next term we will participate in Minor Games where these motor skills will continue to be further developed.

Locating and representing places in Geography has comprised of mapping countries and oceans and drawing personal, local and regional places. Assessment has also finished with this unit and we will be commencing a new Science and Geography unit next term.

I hope you all have a great holiday! Enjoy a relaxing break and stay safe.

** P&C News **

Hi All,

On the 8th—10th September Sam and I attended the P & C State Conference in Gladstone. We attended many workshops and presentations. We presented “Milman” in a good news story, which has put a small school and community on the map. Out of the state conference we gathered a lot of useful information to help our school and community.

Next term we are having a “Harry Potter” School Disco, Grandparents Day with School Photos, and on October 15th & 16th we are running the drinks for the CQ Mower Races at Yaamba.

Thankyou for everyone's continued support. Looking forward to it continuing throughout the future.

Julie
